These Phase's 1 and 2 were missed by many and were so well received by those who attended.. Our District has been offered another chance to take these valuable seminars.

The Training section will include job responsibilities, resources, roadblocks, motivation and solutions. These are well planned Seminars and I urge **Branch Executive, Ladies Auxiliary or any member** of your Branch who missed them to attend and get the assistance you need to either represent or run for office of your branch.
